Education

Auro University of Hospitality and Management

(August 2022 - May 2025)

Bachelor's of Science in Information Technology
(Specialization in AI/ML)

CGPA - 6.9

Experience

OmniverseLife Projects

(January 2025 - Present)

AI/ML Intern

Remote, India

- Developing and implementing AI solutions for sustainable and technological development in village settings.

Projects

- **Spoken Language detection**

Built a language detection system using machine learning algorithms to accurately identify spoken languages from audio inputs.

- **Voice-controlled personal assistant**

Created a voice-controlled personal assistant (JARVIS) using Python and speech recognition libraries to automate tasks such as web searching, news retrieval, alarm setting, and language translation.

- **Diabetes Prediction**

Designed a machine learning model using Python and scikit-learn to predict the likelihood of diabetes based on patient datasets.

- **Text Summarizer**

Developed a text summarization tool using NLP techniques (e.g., NLTK, Transformers) to condense lengthy documents into concise summaries, enhancing information accessibility.

Technical skills

- **Programming Languages:** Python, JavaScript, HTML.
- **Tools & Technologies:** Git, MS Office, PowerBI, ChatGPT.
- **Artificial Intelligence:** Artificial Intelligence, Machine Learning, Deep Learning, NLP,LLM.
- **Databases:** SQL, MongoDB.
- **Libraries & Frameworks:** PyTorch, TensorFlow, NumPy, Pandas, Scikit-learn.

Achievements and Awards

- Contributed to a short film that won 3rd prize at the 9th Dr. APJ Abdul Kalam International Socio-Legal Film Making Competition 2025.

- Runner-Up in Kala Goonj Rap Battle at PP Savani University Interuniversity Competition 2025.
- First Runner-Up in Auro's Got Talent 2024 (Singing Category).
- Participated in Cyber Rakshak Nayna Utsav Skit Competition at VNSGU 2025.
- Participated in DevHeat Hackathon organized by IIIT Surat 2025.
- Participated in IBM organized Ideathon 2025.
