EDUCATION

- **GOVERNMENT ENGINEERING COLLEGE, RAJKOT (GTU)** 2021 - 2025
(B.E.) in Electronics and Communication, Currently in Fourth Year
- **M.G.M SARVAJANIK VIDYALAYA, Daman** 2020 - 2021
(Class XII) Gujarat Board, SCIENCE (P.C.M)
- **Divya Jyoti English Higher Secondary School, Daman** 2018 - 2019
(Class X) Gujarat Board

EXPERIENCE

- **Techreale** Jan'2025 - Apr'2025
Associate Software Developer
 - Built production-ready front-end components using React.js, JavaScript, and MUI.
 - Contributed to CareDAC project, focusing on form validation, UI responsiveness, and use case flows.
- **Robokart** June'2024 - Aug'2024
Robotics and Embedded System Intern
 - Completed an internship in IoT and embedded systems, developed Arduino-based projects.
 - Provided robotics training to students under the GUJCOST initiative.

PROJECTS

- **Care-Dac using React Js**
 - Developed a responsive healthcare platform to streamline patient-doctor interactions.
 - Implemented secure authentication, modern UI, and Redux-based state management.
 - Used Agile methods to iteratively improve features based on feedback.
- **Blogging Website using React and MUI**
 - Built a dark-themed blogging platform using React, MUI, and reusable components.
 - Featured dynamic rendering of posts using Grid layout and component logic.
 - Integrated sidebar, footer, and responsive layout using MUI's theming and Grid system.
- **Facial Recognition Attendance System using Python**
 - Developed a facial recognition-based attendance tracker with automated logging.
 - Used OpenCV and face recognition libraries to detect and identify faces.
 - Exported attendance logs to CSV for review and analysis.
- **E-Commerce Website Clone**
 - Built an e-commerce website clone using HTML, CSS, and JS with key shopping features.
 - Designed dynamic cart, product filters, and responsive layout using Flex/Grid.
 - Ensured compatibility across browsers and devices using modular CSS and media queries.

TECHNICAL SKILLS

Skills: React Js | JavaScript | C++ | Python | GIT | SQL | OOPS | Node.js | MUI (Material UI) | Communication
