PROFILE SUMMARY

A passionate MERN Stack Developer with expertise in React.js, Node.js, Express.js, and MongoDB. Looking for an opportunity to apply my skills in full-stack development, API integration, and scalable applications.

EDUCATION

MKBU UNIVERSITY

- Bachelor of Computer Application
- H.S.C (Satuababa Vidhya Sankul)
- Commerce

WORK EXPERIENCE

Edelta Enterprise Solutions Pvt. Ltd.

6 MONTHS

Mern Stack Intern

- Developed MERN stack applications and integrated REST APIs.
- Worked on authentication, database management, and deployment.
- i can also work on both sides front-end and back-end.

PROJECT

Todo Application with Note Management

- Developed a Todo application that allows users to create, update, delete, and perform multiple deletions of notes.
- Implemented secure note visibility, ensuring that each note is visible only to the user who created it.
- Utilized React.js for building the frontend and Node.js with Express.js for backend development.
- Used MongoDB for database management and Mongoose's populate feature for efficient data retrieval.
- Applied JavaScript for business logic and RESTful APIs for backend communication.
- Implemented authentication and authorization to restrict access to user-specific data.
