SUMMARY

Motivated Computer Applications graduate (BBA-CA) and current MCA student at Chandigarh University (Online Mode), with hands-on experience in cloud computing, web development, and deploying real-world applications using Microsoft Azure, AWS, and Google Cloud. Proficient in Python, JavaScript, HTML/CSS, and cloud services. Strong knowledge of DevOps tools, application security, and performance optimization. Actively seeking opportunities as a Cloud or Full Stack Developer to contribute to innovative and scalable solutions.

EDUCATION

Chandigarh University (CU) 2025-2027

Master of Computer Applications (MCA)

Pursuing (Distance Learning – Online Mode).

Savitribai Phule Pune University 2020-2023

Bachelor of Business Administration (Computer Applications)

CGPA: 8.09/10

- Relevant Coursework: Database Systems, Operations Management, Software Development

TECHNICAL SKILLS

Languages/Technologies: Python, JavaScript, Java, HTML, CSS, PHP, C++, React.js, Node.js

Databases: MySQL, MongoDB

Cloud Platforms: Microsoft Azure, Google Cloud Platform (GCP), AWS.

DevOps & Tools: GitHub, Azure DevOps, Azure CLI, VS Code.

Key Services: Azure App Services, Azure VMs, GCP IAM, Compute Engine, Kubernetes Engine.

PROJECTS [[All Project Link](#)]

Face Recognition – Based Attendance System

- Tools: Python, OpenCV, HTML, CSS, PHP, MySQL
- Built a facial recognition system for automating attendance using OpenCV.
- Designed a user-friendly front-end and connected with a backend database.

[GitHub - Face-Recognition-Based-Attendance-System](#)

Health Care Bot: (Microsoft Internship)

- Tools: Azure Bot Framework, QnA Maker, HTML, CSS
- Developed an AI-powered chatbot to assist users with health information.
- Integrated with Azure QnA Maker and deployed using Azure App Services.

[GitHub - health-care-bot/](#)

Real Estate Management System:

- Tools: HTML, CSS, JavaScript, PHP, MySQL
- Created a responsive web app for property listing and user interaction.
- [GitHub - Real Estate Management System](#)

EXPERIENCE

Microsoft Future Ready Talent Program (Remote Internship, 2021-2022):

- Deployed and tested cloud-based solutions using Microsoft Azure.
- Worked with Azure App Services, VMs, Logic Apps, and GitHub.
- Gained hands-on experience with Azure CLI and DevOps pipelines.

CERTIFICATIONS

Google Cloud Fundamentals: Core Infrastructure - [Coursera](#)

- Skills Gained: Google Cloud Platform, Google App Engine (GAE), Cloud Computing, Google Compute Engine.

Developing Applications with Google Cloud – [Coursera](#)

- Skills Gained: Event-Driven Programming, Microservices Development, Application Security, Cloud Development, Google Cloud.

Web Development Masterclass – [Udemy](#)

- Web Development: HTML5, CSS3, JavaScript, jQuery, Bootstrap, PHP, MySQL
- Tools & Environments: PhpMyAdmin
- Deployment: Cloud Hosting (GCP, AWS, Azure)
- Others: Responsive Design, DOM Manipulation, Form Validation, Login Auth, Google Apps Email Setup

Microsoft Learn – Hands-on labs & Training: - [Profile](#)

Google Cloud Skills Boost - [Profile](#)

ACHIEVEMENTS

- Completed Microsoft Azure Internship, gaining practical experience in cloud solution deployment and testing.
- Earned multiple Google Cloud Skill Badges in key areas including infrastructure and application deployment.
- Actively contributed to Microsoft Learn and Google Cloud Skills Boost platforms, demonstrating continuous learning and engagement with cloud technologies.

ALL PROJECTS

- **Face Recognition – Based Attendance System** [[Live Demo](#)]
Tech Stack: - Python, HTML, CSS, JavaScript, Flask, MySQL, PHP
- **Resume Maker** [[Live Demo](#)]
Tech Stack: - HTML, Tailwind CSS, JavaScript
- **Real Estate Management System** [[Live Demo](#)]
Tech Stack: - HTML, CSS, JavaScript, Node.js, Express.js, MongoDB
- **Weather Web App** [[Live Demo](#)]
Tech Stack: - HTML, Tailwind CSS, JavaScript, API
- **HEALTH CHAT BOT MICROSOFT INTERN PROJECT** [[Live Demo](#)]
Tech Stack: - Azure Bot Framework, QnA Maker, HTML, CSS.
- **QR Code Generator** [[Live Demo](#)]
Tech Stack: - HTML, Tailwind CSS, JavaScript
