REGIONAL TEAM

HEMANT PANT

Area Director

“Grow people to grow yourself. Create opportunities for others, and you will lead the world.”

BNI is not only about business; it is also about fellowship, bonding, relationships, and the countless intangible benefits you receive. My BNI Evolve members have achieved what they had never even dreamt of. I encourage everyone to always speak positively because your words reflect your attitude towards fellow members.

It gives me immense happiness to congratulate the entire team of BNI EVOLVE for being a chapter that has achieved tremendous success in business and collaboration with many members of the region.

Hard work and smart work will take you closer to what you dream of achieving.

JOEL GEORGE

Director Consultant

The power of a strong network lies not just in the number of connections, but in the depth of the relationships we build. At BNI Evolve, we are committed to fostering meaningful partnerships that go beyond business transactions. Every handshake, referral, and conversation is an opportunity to grow both personally and professionally. Let us remember that the true essence of networking is in giving first, and trust will follow. Together, as we nurture these relationships, we unlock doors to success, greater collaboration, and chapter growth. Here's to building lasting connections and thriving as a unified community!”
