EDUCATION

Gujarat Technological University

October 2021 – May 2025

Bachelor of Engineering - Computer Science and Engineering

Central Board of Secondary Education

April 2020 – July 2021

Higher Secondary Certificate (HSC)

Central Board of Secondary Education

April 2018 – May 2019

Secondary School Certificate (SSC)

EXPERIENCE

IT Idols Technologies

Jan 2025 – Present

Mern Stack Intern

Valsad, Gujarat

- Designed, ensuring **data integrity, performance optimization, and secure storage** of business-critical information.
- Implemented **state management** techniques to optimize backend logic and ensure seamless data flow across the application.
- Developed and optimized **RESTful APIs** to facilitate CRUD operations for various modules, enhancing system efficiency and maintainability.

Allied Infosoft PVT. LTD

June 2024 – July 2024

React.js Intern

Vapi, Gujarat

- Collaborated with developers to design, develop, and maintain web applications using HTML, CSS, JavaScript, and React.js, delivering scalable web solutions.
- Strengthened front-end development skills and gained hands-on exposure to the software development lifecycle.
- Enhanced problem-solving and communication abilities essential for software development roles.

PROJECTS

ISales CRM | React JS, Typescript, Javascript, Node Js

Jan 2025

- Built a dynamic and responsive CRM dashboard using React, integrating **Redux** for state management, **DataService** for API communication, and **Local Storage** for persistent user session management.
- Implemented state management using Redux for efficient data handling and seamless updates across the application.
- Enabled users to register, manage customer profiles, track sales pipelines, and monitor deal progress through API endpoints.
- Developed a RESTful API for customer relationship management, implementing CRUD operations for leads, contacts, deals, and sales activities.

Password Generator | HTML, CSS, Javascript, React

Oct 2024

- Developed a responsive and user-friendly **password generator** application using **React, HTML, CSS, and JavaScript**.
- Designed an interactive UI with customizable options such as password length, inclusion of numbers, symbols, and uppercase/lowercase letters.
- Implemented real-time password generation logic with **clipboard copy functionality** for seamless user experience.
- Utilized **CSS animations and flexbox/grid layouts** to enhance responsiveness and ensure a visually appealing design.

TECHNICAL SKILLS

Languages/Database: JavaScript, MySQL

Technologies/Frameworks: JavaScript, React JS, Node JS, HTML5, CSS3, Bootstrap

Developer Tools: VS Code

Version Control: Git, GitHub
