PROJECTS

"Restaurant Table Reservation System Using Laravel"

The system aims to provide an efficient and user-friendly experience for customers to reserve tables, reducing wait times and improving overall dining experiences.

"Trendz Men's Salon Using Laravel"

Trendz Men's Salon Business Solution is a self-hosted platform designed for the men's grooming industry. It offers a comprehensive management solution tailored for single branches, featuring a userfriendly interface that streamlines appointment management. This innovative platform empowers business owners to efficiently manage staff and enhance the client experience.

"Online Blood Donation Management"

It is a web-based application designed to manage blood donations, connect donors with recipients, and streamline the blood donation process. The system aims to increase blood availability, reduce wastage, and enhance the overall efficiency of blood banks and donation centers.
