

Siddhi Shilahar

Ichalkaranji | +91 8999592075 | siddhishilahar866@gmail.com | linkedin.com/in/siddhi-shilahar/

PROFILE

Front-end developer skilled in HTML, CSS, JavaScript, React, and responsive UI design. Currently improving backend skills and gaining practical experience in cloud technologies. Passionate about building clean, user-friendly interfaces and developing complete end-to-end applications.

TECHNICAL SKILLS

Languages: Java, Python, HTML, CSS, JavaScript.

Web Frameworks: React.js, Bootstrap, Tailwind, REST API.

Databases: SQL (MySQL), NoSQL (MongoDB).

PROJECTS

AI Financial Advisory App | *Java, XML, AI/ML Models, Recommendation Models* 2025 – Present

- Building a native Android app that evaluates user income and financial goals to assist in financial planning
- Designing and implementing AI/ML models (regression and rule-based) to deliver customized budgeting, SIP, and investment recommendations
- Integrating an intelligent recommendation engine to offer personalized and data-driven financial guidance for users

Legal advisor chatbot | *JavaScript, Node.js, HTML5, CSS3, JSON, Express.js, Rule-based algorithms* 2023 - 2024

- Developed a web-based AI legal chatbot that responds to user queries using IPC sections and other Indian laws
- Structured a categorized prompt-response dataset to ensure accurate and context-specific legal answers
- Implemented a rule-based string-matching system with a Node.js backend and an HTML/CSS/JS frontend

INTERNSHIPS

Eduskills October 2025 – December 2025

- Developed dynamic Python-based web applications by integrating backend logic with responsive frontends and optimized code performance to reduce execution time for data-processing tasks.

Deloitte | *Technology Job Simulation (via Forage)* June 2025 – July 2025

- Built a Python algorithm to match and combine different client data models and created a clear software proposal that turned technical needs into simple, doable project steps.

EDUCATION

DKTE'S Textile & Engineering Institute Ichalkaranji, Maharashtra
B.Tech in Computer Science and Engineering (AIML) CGPA: 7.92/10.0 | May 2026

Nav Krishna Valley Jr. College Sangli, Maharashtra
Higher Secondary Certificate (HSC) Percentage: 70.17% | April 2023

R.N. Patil Girls' High School Sangli, Maharashtra
Secondary School Certificate (SSC) Percentage: 87.40% | March 2020

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Generative AI Mastermind | **Outskill & GrowthSchool**

- Developed web applications by integrating core coding logic with AI-accelerated development tools in an intensive 5-day cohort.

AI Tools Workshop | **be10x**

- Mastered advanced Prompt Engineering for rapid data analysis, presentation generation, and productivity automation.

AI Fullstack Engineer Bootcamp

- Developed web applications by integrating core coding logic with AI-accelerated development tools in an intensive 5-day cohort.
