Objective

To build a strong foundation for my career by working in an organization that values innovation, learning, and teamwork.

Experience

- Setu Net Pvt Ltd** 22/01/2025 - 22/04/2025
Full stack intern
Worked on full-stack development using Angular for the frontend and ASP.NET Core for the backend. Handled form submission, validation, and API integration with SQL Server database support. Built real-time modules with role-based access, and secure data flow in a structured project environment.
- IT idol technologies** 1/7/2024 - 15/7/2024
React js Intern
Created a dashboard using ReactJs

Education

- Gujrat Technology University** 2021-2025
B.Tech in Information Technology
7.9 CGPA
- GSEB** 2021
H.S.C
73%
- GSEB** 2019
S.S.C
79%

Skills

- HTML, CSS, JAVASCRIPT
- C++, JAVA
- ANGULAR, ASP. NET, MS SQL SERVER

Projects

- Task Manager**
During my internship, I helped develop a Task Manager using Angular, .NET, and SQL Server. It allowed managers to assign tasks, set deadlines, and track employee progress in real time. The system improved task visibility, team coordination, and overall productivity.
